## 1.1 Introduction

### **London College of Music Examinations (LCME)**

External examinations have been awarded by the London College of Music since the institution's founding in 1887. Today, examinations are held throughout the United Kingdom, Republic of Ireland, and at many overseas centres; they are unique in the Graded examinations sector in being awarded by a university, ensuring the added quality assurance of the University of West London (UWL), which is the issuer of certificates. Graded and diploma exams in most subjects are regulated by Ofqual and other UK regulators. Candidates applying to UK universities through the UCAS system are eligible to claim UCAS points if they achieve a pass or higher at Grades 6 to 8 in a regulated subject.

### **What makes LCM Examinations distinctive**

LCM's graded and diploma qualifications make a distinctive contribution to education in music, drama and communication, because of the emphasis placed upon:

- creative thinking
- an encouragement to think technically and critically about the repertoire performed, and the opportunity to communicate this in practical examinations
- a distinctively broad stylistic range of tasks and repertoire, with a strong emphasis towards the acquisition and demonstration of skills and understandings that are of contemporary relevance to the performing arts
- the provision of assessment in areas not traditionally included within the scope of graded examinations
- the provision of flexible examination formats and arrangements

### **Syllabus objectives**

The aim of this syllabus is to promote and encourage knowledge, enjoyment and experience of musical theatre, and to foster a commitment to the development of the various skills, techniques and disciplines demanded by the genre. A candidate who progresses through the grades to Grade 8 should have acquired a wide-ranging knowledge and the experience of the various styles and types of performance covered by the syllabus. A course of study based on this syllabus is intended to provide:

- an assessment system equipping candidates with added value to enhance career routes, educational opportunities and decision-making
- a balanced combination of performing skills and the supporting knowledge and understanding
- opportunities for learning and assessment that are creatively challenging
- opportunities for mastery learning that are structured and directly related to the repertoire published for each grade
- candidates with the basis for study and practice to develop relevant and usable skills and concepts

## 1.2 Syllabus validity

This syllabus is valid for step and grades in Musical Theatre for Singers from the 4th of April 2024 until further notice. The Music Theatre 2019-2021 syllabus will remain valid until the 31st of December 2024.

This document outlines the requirements for the Musical Theatre for Singers exam route introduced in Spring 2024. It offers an in-depth focus on singing technique and is designed to evaluate all the necessary components of a vocal performance. Parallel to this, Musical Theatre for Actors is for candidates looking to showcase their skills in acting through song.

## 1.3 Exam entry

### Exam dates, locations and fees

In-person practical examinations occur throughout the year alongside digital alternatives available at any time. Details of exam dates, locations, fees and how to book an exam are available on our website: [lcme.uwl.ac.uk](http://lcme.uwl.ac.uk).

### Age groups and requirements for prior learning

LCME qualifications are open to all and there are no minimum age restrictions, however it is unlikely that candidates below the age of 12 will possess the dramatic and musical maturity for success at Grades 6 to 8. There are no prerequisite qualifications required for entering any graded exam; candidates can enter at any level provided they have the required knowledge, skills and understanding.

### Reasonable adjustments and special considerations

Information on assessment, examination and entry requirements for candidates with specific needs is published in the Equality of Opportunity, Reasonable Adjustment and Special Consideration policy available on our website.

### Equality, Diversity and Inclusion (EDI)

LCME encourages entries from candidates with disabilities and/or specific learning differences and is committed to offering them full support during the exam process. We are committed to removing barriers and creating a welcoming and inclusive environment for all candidates. For further information in relation to equality, diversity and safeguarding, please visit our website: [lcme.uwl.ac.uk](http://lcme.uwl.ac.uk).

## 1.4 Exam durations

Step	Grade 1	Grade 2	Grade 3	Grade 4	Grade 5	Grade 6	Grade 7	Grade 8
10 min	15 mins	15 mins	18 mins	23 mins	25 mins	30 mins	30 mins	35 mins

These are the maximum times allowed for the exam.

## 1.5 Assessment and results

### **Marking**

#### **How marks are awarded**

Qualifications are awarded by University of West London Qualifications (UWLQ). Exams are conducted by trained external examiners and are held at approved centres in the UK and overseas. Candidates will be assessed on their technical accomplishment, interpretation, knowledge & understanding and communication. In awarding marks, examiners will take into account the extent to which each of these assessment domains is demonstrated within the individual exam components. A Pass in each individual exam component is not required to pass overall.

#### **Issue of results**

A written report will be compiled for each examination. Candidates will be informed of the result of examinations as soon as possible. Results are available online within days and will be sent by post not later than four weeks after the examination date. Certificates for successful candidates are normally dispatched within eight weeks of the date of the examination, but very often they will be received sooner than this. This time is necessary to ensure that all results are properly standardised and have been checked by LCME.

#### **Enquiries, complaints and appeals**

Information on how to make an enquiry, complaint or appeal is published in the Enquiries and Appeals policy and the Complaints procedure documents available on our website: **[lcme.uwl.ac.uk](http://lcme.uwl.ac.uk)**.

## 1.6 Exam regulations

Full details of all general exam regulations are published in the Regulations and Information document available on our website: **[lcme.uwl.ac.uk](http://lcme.uwl.ac.uk)**.

## 2.1 Repertoire and programme planning

### Repertoire list

A repertoire list is included within the requirements for each graded exam (see Section 6). This repertoire list is divided into three levels (Grades 1–3, Grades 4 & 5, Grades 6–8). At all grades, candidates must perform at least ONE song from the relevant level. Candidates cannot select songs included at a level different from the exam they are entered for (e.g. a song listed at Grades 4 & 5 cannot be performed in a Grade 3 or Grade 6 exam, even as an own choice item). All recognised and reliable editions of the songs can be used.

### Own choice songs

Apart from the requirement to perform at least one song from the repertoire list, the other song choices are own choice. If performing an own choice song, the piece must be of an equivalent level of demand to those listed in the repertoire list at that level, to enable the examiner to assess performance skills at the appropriate level.

### LCM Publications

LCM publishes handbooks for step and graded musical theatre exams, each containing a selection of songs appropriate for the grade. Whilst it is not a requirement, candidates may choose to perform any song(s) from either the relevant **Musical Theatre Handbook 2023** (*LCM*) or **Music Theatre Handbook 2019–2021** (*LCM*) within their Musical Theatre for Singers exam.

### Programme planning

At all grades, candidates must perform songs from at least two of the following eras: pre-1965, 1965–1999, 2000–present. This is to assist candidates in choosing a balanced and well-rounded programme, incorporating contrast of style and era. The programme should demonstrate the candidate’s vocal and expressive range, versatility and understanding of style, and the ability to deal with songs of different character, mood, tempo and period. Examiners will be looking to assess a variety of performance techniques and styles. The candidate’s emotional requirements and technical abilities should be considered when planning their programme.

### Genres

Candidates may consider songs from different genres, including:

- Book musicals
- Concept musicals
- Contemporary musicals
- Dance musicals
- ‘Feel-good’ musicals
- Golden age musicals
- Jukebox musicals and mega-musicals
- Sung-through musicals
- Comic/light operas and operettas (Gilbert & Sullivan etc)
- Rock operas
- Disney
- Film, television and animation
- Animation
- Revue and cabaret
- Music Hall, variety, and vaudeville

## **Parental guidance**

When selecting musical theatre repertoire, please be aware of the subject matter, especially regarding age, maturity, physicality, mental status, physical well-being, and character situations, when selecting songs for the candidate to perform. This syllabus will display a parental guidance symbol ([PG]) where the song, or production it is taken from, may contain mature themes.

## **Alterations to repertoire**

Cuts may be made at all grades in order for the programme to remain within the set times. If cuts are made, the version of the song which is performed in the exam must show musicality and balance.

## **Transposing songs**

The keys of pieces may be changed if necessary in order to accommodate vocal range and/or to protect the voice from strain.

## **Additional characters and stage directions**

Lyrics, directions and actions performed by additional characters are optional, and any dialogue may be adapted as desired to remove the other characters' roles. All parts must be performed by the candidate; the accompanist must not sing any lines in the exam. Any stage directions and actions are optional, and may be omitted or replaced as desired.

## **Pronunciation, accents and language**

Extracts of libretto at Grades 6 to 8 should be performed in character. It is expected that characterisation in both spoken libretto and songs will involve appropriate accents and pronunciation. Pieces will normally be performed in English and there is no requirement that another language is used, however, candidates may perform in another language if they wish. Where this is the case, translations into English must be provided. It is recognised that a number of contemporary songs contain expletives. While LCM Examinations does not prohibit their use in exams, younger candidates are asked to adopt a sensitive approach to this matter. Lyrics may be adapted where feasible, and where this does not significantly affect the impact of the song.

## **Use of copies in the examination**

All sheet music used in the examination must be a published edition — legal downloads and sheet music apps are acceptable. The use of photocopied music is not permitted. Candidates can use copies of the lyrics without obtaining formal permission as long as they are directly copied from a published score and subsequently destroyed after use.

# **2.2 The presentation of the performance**

## **Performing from memory**

All performances must be from memory.

## **Introducing the songs**

Items must be introduced as part of the overall performance for all grades. It is not expected that

introductions will be delivered in character. Information given in the introduction should include the title of the song, the show from which it is taken and its composer/lyricist. Additional brief information may include where/when the show was originally performed and which artist made the song famous.

## **Song context**

Songs must be presented and performed with regard for the context of the shows from which they are taken and the character performing the song. Where there is no definable show context or character for a song you should at least be aware of the kind of performer which is being projected through the song.

## **Accompaniment**

### **Performing with an accompanist**

It is the responsibility of each candidate to provide a competent accompanist or accompaniment, and the necessary music. The playing of the accompaniment must be adequate to enable the examiners to make their assessment without the distraction of making unnecessary allowances. An accompanist will only remain in the room for the portion of the examination for which they are required. A piano, electronic keyboard, guitar or other appropriate instrument may be used to accompany the pieces.

### **Performing with a backing track**

If using a backing track, the track must not contain a vocal part which doubles the main vocal line of the song. However, it may contain backing vocals as a harmonisation or counter-melody to the main vocal line. Rehearsal tracks for the songs included in the **Musical Theatre Handbooks 2023 (LCM)** are available from the LCME website: [lcme.uwl.ac.uk](http://lcme.uwl.ac.uk). These may be used for practice and in the examination room. Candidates aged 12 and under are permitted to have a designated 'sound technician' present to operate the equipment. Candidates older than 12 are expected to operate their own backing tracks.

## **2.3 Costume and props**

### **General guidelines**

The use of costume and props is encouraged, and credit will be given for this where the effect of the performance and characterisation is enhanced. An 'impression' of costume (a hat, shawl, jacket, etc) can be used as an aid to performance. Where costume is not employed, comfortable, non-restrictive clothing (rehearsal blacks or performance dress) is suggested. Any props must be easily accessible and used to enhance the performance as appropriate. Marks will not be deducted where costume or props are not employed.

### **Costume changes**

Candidates must not leave the examination room between songs. Any costume changes must be such that they can be made quickly and unaided, in the presence of the examiner, with no potential for embarrassment to either candidate or examiner. A screen may be used as long as it does not interfere with the space, though this facility may not be provided at every venue, and candidates are advised to make appropriate arrangements with the local representative. Costume change times must be included in the length of the programme as detailed for each grade. If considered necessary, the discreet presence of a chaperone is acceptable, if agreed in advance with the Chief Examiner and Centre Representative.

## 2.4 Written programme

A written programme is required at all grades; if a written programme is not present this may result in marks being deducted for the Performance Delivery component (see Section 3: Summary of exam structure). The minimum requirement is a list of songs, the shows from which they are taken (where appropriate), composers, lyricists and dates. Programme notes are not required but may be included at the candidate's discretion.

## 2.5 Spoken libretto (Grades 6 to 8)

Extracts of libretto must be solo, not pieced together from multiple voices. Extracts can be taken from any place in the show and may be adapted for examination purposes. Adaptation may involve shortening, or (within reason) extending a portion of libretto with new material. Songs which include portions of spoken text as an integral part of the song (for example, the song Nothing from A Chorus Line) can be taken as fulfilling the requirement for performing the spoken libretto. The passage of spoken libretto can also be an original piece of text, written specifically for the exam.

## 2.6 Practical advice

Candidates are advised to check the extent of space available for performance in the examination room in advance with the Centre Representative, if they are not familiar with the examination venue. Candidates may also wish to check other details such as availability of chairs/tables, the presence of a hard floor covering etc.

## 2.7 Vocal exercises

Candidates will be asked to demonstrate a series of vocal exercises of their own choice in preparation for the performance. Exercises could include, but are not limited to, some of the following: articulation, tonal control, dexterity, expression, breath control and vocal stretches. Examples can be found on the LCME website: [lcme.uwl.ac.uk](http://lcme.uwl.ac.uk). It is not mandatory to select any of the examples provided.

Candidates should observe the following requirements:

- The candidate will advise the examiner of the exercises to be performed and the reason for their choice
- The exercises are all unaccompanied
- Candidates can give themselves starting notes on the piano if required
- The tests do not need to be performed from memory

## 7.4 Awards of Pass, Pass with Merit or Pass with Distinction

### **Distinction (85–100%)**

A candidate who achieves a Pass with Distinction will have offered a highly accurate and fluent response in all or most of the components. They will have demonstrated the ability to perform accurately from memory, with audibility, good projection and secure vocal technique, and will have shown evidence of an excellent sense of characterisation and interpretative skill. They will have demonstrated a thorough familiarity with the librettos and music in the repertoire, and (at higher grades) will have demonstrated wide-ranging contextual knowledge in relation to the repertoire performed. They will have shown evidence of being able to select repertoire highly appropriate to the grade, and to their own particular performance strengths. They are likely to have initiated conversation in the discussion, and will have been able to comment perceptively on their own performance and interpretation. They will have shown the ability to offer character development, and to utilise and vary the technical aspects of performance as applicable to the repertoire performed. They will have communicated, through performance, a sense of real engagement with, and an understanding of, and at Grades 6 to 8, a sense of individual personality in relation to, the repertoire.

### **Merit (75–84%)**

A candidate who achieves a Pass with Merit will have offered an accurate and fluent response in all or most of the components. They will have demonstrated the ability to perform accurately from memory, with audibility, good projection and secure vocal technique, and will have shown evidence of a good sense of characterisation and interpretative skill. They will have demonstrated a largely assured understanding of the librettos and music in the repertoire, and (at higher grades) will have demonstrated secure contextual knowledge in relation to the repertoire performed. They will have shown evidence of being able to select repertoire appropriate to the grade, and to their own particular performance strengths. They will have been able to offer opinion as well as fact in the discussion, and will have responded positively and easily to questions from the examiner. They will have communicated, through performance, some sense of engagement with, some understanding of, and at Grades 6 to 8, an emerging sense of individual personality in relation to, the repertoire.

### **Pass (65–74%)**

A candidate who achieves a Pass will have offered a mostly accurate and fluent response in all or most of the components. They will have demonstrated the ability to perform from memory with reasonable accuracy, with an acceptable level of audibility, projection and reasonable vocal technique, and will have shown some evidence of characterisation and interpretative skill. They will have demonstrated an acceptable understanding of the music and librettos in the songs, and (at higher grades) will have demonstrated some contextual knowledge in relation to the repertoire performed. They will have shown evidence of being able to select repertoire broadly appropriate to the grade, and to their own particular performance strengths. They will have produced correct factual answers to most or all of the questions. They will have communicated, through performance, a basic understanding of the repertoire and ability to engage the audience.

### **Below pass, upper level (55–64%)**

A candidate who achieves a mark in this band will have demonstrated some inaccuracy and lack of fluency in all or most of the components. They will not have demonstrated an acceptable standard of vocal technique, projection or audibility; there may have been lapses in memory, and they will have shown little evidence of characterisation or interpretative skill. Their understanding of the music and librettos in the songs performed and (at higher grades) their contextual knowledge in relation to the repertoire performed will have been judged inadequate. There will have been significant questions about their ability to select repertoire appropriate to the grade, and to their own particular performance strengths. They will have offered mostly incorrect or incoherent answers to questions asked by the examiner. They will have failed to communicate, through performance, any significant degree of understanding of the repertoire, or an ability to engage the audience.

### **Below pass, lower level (0–54%)**

A candidate who achieves a mark in this band will have demonstrated significant inaccuracy and lack of fluency in all or most of the components. Their standard of vocal technique, projection and audibility will have been judged as poor, there will have been many memory lapses, and they will not have shown any significant evidence of characterisation or interpretative skill. Their understanding of the music and librettos in the songs performed and (at higher grades) their contextual knowledge will have been minimal. The repertoire chosen is likely to have been inappropriate to the grade, and to the candidate's own particular performance strengths. Answers to the questions will have been inadequate. They will have failed to communicate, through performance, an understanding of the repertoire, and they will not have succeeded in engaging the audience.
